

Dear Private Prescription Patient,

We have been working very hard to improve our services to you.

As part of our improved service, you can now use our website to:

- See your current and previous prescriptions
- View your currently active dispensings
- Track your orders
- Make payments or change the credit card we charge automatically for you.
- Edit your personal details – such as
 - Shipping address
 - Billing Address
 - Name
 - Telephone Number
 - Whether we automatically send your prescription, or whether you have to ask us.

To login to your account, please register on our new website:

<http://www.dicksonchemist.co.uk>

Your surname!

From your INVOICE

Enter your **SURNAME** in the Register box, your **EMAIL ADDRESS** and your **CUSTOMER NUMBER**. (The customer number is on your INVOICE.)

Once you have done this once, you can login with your **EMAIL ADDRESS** as your **USERNAME** and your **CUSTOMER NUMBER** as your **PASSWORD**.

This should allow you to check your orders and not wait in a queue on the phone!

We hope you find this service useful, **we would be very grateful if you could register as soon as you receive this letter.**

Thanks!

**The LDN Staff at Dickson Chemist
HomeDeliveryPharmacy Service**
